

Tabell1

Project	Priority	Prio 3	Duration	Users	Platform	Status	End date
Cyberlab stereo setup	0			Catherine	Cyberlab		
Servo for Andreas	1		10	Andreas	Arduino	Final fix, find bugs	
Level 2 & 3							
Finger pushing	3	2	40	Hiske	Shadow box	New material needed	
Force monitoring	3			Giovanni, Claudio	Arduino	Need feedback	New
Cyberlab API rc1	2				OpenGL/Firewire		12-05-31
- Magic box	2	2		Giovanni		Order TV	13-01-30
- Multi camera	2	3			Magic box		
- Framepackaging	2	1			Stereo vision on screen	Test with Bino	
Split vision	3			Arvid			
GUI for force-servo setup	3			Andreas	Python	Might be useful	
Thermometer	4	?		Hiske	LabJack	Debugging - non ros version	
Discontinue?							
Pan/tilt unit	4	?		Björn	ROS	See ki-ros-pkg	
AD converter analog cameras	3				ImagineSource		
Heart rate monitor	3	?		Björn/Loretzu	Polar		
ROS PsychoPy	3	?		All	Mac/Linux	Keep in mind	
Finished							
Example project	3						
Urgent	0			Ongoing experiments, needing fix			
Top priority	1			Only one project can have this status			
Status quo	2			Keep everything floating, but not urgent (administration)			
Nice to have	3			Includes things that eventually must be done, and things that might never happen.			
Low	4			Low... but keep in mind
